The lead mechanic may also be asked in conjunction with the supervisor to evaluate, prioritize and delegate work amongst the mechanics and part-time mechanic.

JOB DUTIES & RESPONSIBILITIES:

- Comply with established company safety and operating rules, procedures and guidelines, and be responsible for reporting unsafe practices to the supervisor.
- Work along with the area supervisor to prioritize and delegate workload for the mechanics.
- Maintain a clean and safe working environment to protect oneself and others in accordance with all department guidelines and applicable company safety rules.
- Must be able to operate various vehicles, equipment and tools.
- Must be able to perform minor and major repairs on equipment, including but not limited to trailers, power-operated equipment and hand tools.
- Will be responsible for maintaining accurate computer records of time and parts used on specific work order tasks.
- Assist in developing transportation maintenance and repair procedures.
- Perform all other duties as assigned by the supervisor
- Provide supervision/direction for others
- Direct, instruct and work with department staff and other co-workers on vehicle/equipment repairs and maintenance issues.
- Work with individual vehicle/equipment operators to understand and solve complaints and concerns in regard to proper vehicle/equipment maintenance and operation.

JOB QUALIFICATIONS:

Education:

- A high school diploma or equivalent is required
- A two-year degree in heavy truck mechanics at the vocational level is required*
- A minimum of five years of experience may be substituted for the vocational school requirement.
- Specific mechanic certifications may be desired
